### THOMAS GROUP ANNOUNCES CONTRACT WITH NAVY SEALS

**Irving, Texas, January 16, 2007 Thomas Group, Inc. (NasdaqGM: TGIS)**, a leading operations and process improvement firm, announced today the award of a \$3.2 million Navy SEALs Production Process Initiative contract from the Fleet Industrial Supply Center in San Diego, CA.. This Prime Contract award is for a base year with a one option year to apply Thomas Group's proprietary **Process Value Management<sup>SM</sup> ("PVM")<sup>SM</sup>** methodology to the Navy SEALs' accession and initial training process.

Navy SEALs are the foundation of the Naval Special Warfare combat forces and are organized, trained and equipped to conduct a variety of Special Operations Missions in all operational environments.

"The Navy SEALs have such a rich tradition of excellence and of being able to execute some of the most difficult and dangerous missions in the defense of our country that we are honored at Thomas Group to be selected for this process improvement contract. We look forward to leveraging the many lessons learned from our other Navy **PVM** projects to better align the SEALs production process with the growing demand for their special operations warriors," said Jim Taylor, Thomas Group President and CEO.

Navy SEALs are at the heart of the adaptive force packages Navy and U.S. Special Operations Command provides in support of the Joint and combined Global War On Terror.
