

**FOR IMMEDIATE RELEASE**

**THOMAS GROUP WINS PRIME CONTRACT AWARD FROM U.S. NAVY**  
*Navy Estimates \$5.3 Billion a Year Through SeaPort-e Procurement*

**IRVING, TEXAS, July 9, 2007**—Thomas Group, Inc., (NasdaqGM: TGIS), today announced it has been awarded a SeaPort Enhanced (SeaPort-e) Indefinite Delivery, Indefinite Quantity (IDIQ) Prime Contract by the Naval Sea Systems Command (NAVSEA) Surface Warfare Center in Dahlgren, VA. This award has a five-year base term and one additional three-year award term.

SeaPort-e is a Web-based, e-business procurement Portal used to facilitate the acquisition of performance-based services that encompass 22 functional service areas and seven geographic contract zones across the U. S. Navy. SeaPort-e provides a faster, better, and more cost-effective means of contracting for professional support services. It furthers the Navy's Seapower 21 objective to increase efficiency, and allows for tailoring services according to the needs of geographically-dispersed organizations with significantly diverse product area requirements and missions. The U.S. Navy estimates the award of \$5.3 Billion per year in professional services through SeaPort-e procurement.

In competitively securing the SeaPort-e Prime contract, Thomas Group will implement its proprietary Process Value Management (PVM) change management methodology, a highly effective program already in widespread use throughout the U.S. Navy operations. PVM focuses on defining and driving process improvement, transparency across all related activities, and the elimination of non-value added activities. PVM links each step to others through a series of hierarchical leading metrics to facilitate management accountability throughout the enterprise.

"We are extremely pleased to be chosen as a Prime Contractor under the NAVSEA SeaPort-e acquisition program. For nearly 30 years, Thomas Group has delivered high value results that have improved the competitiveness of both our private and public sector clients. This contract award will enable Thomas Group to continue to partner with the U.S. Navy by supporting the Navy's commitment to competitive procurement. Thomas Group, along with our initial teammates, P/E Limited and Nine Yards Media, look forward to actively competing throughout the U. S. Navy to continue effectively implementing our commercial PVM 'Best Practices' approach to process and enterprise improvement and cultural change management services," said Jim Taylor, Thomas Group CEO and president.
